## NEW CONSTRUCTION, EXTENSION AND CONSTRUCTION WORKS ON THE PRODUCTION COMPOUND KOH-I-NOOR, Mladá Vožice

The KOH-I-NOOR plant is engaged in the production of aerosol valves and their accessories. Realization of new warehouse and production hall, extension and construction works of existing buildings including utility networks, took place in 3 stages and solved the expansion of production and warehouse space, unsatisfactory production linkages and created new ramp expeditions. Part of the construction works was the reconstruction and small building completion with the main entrance.
